

## Production of biogel

In 2022, Uzbekistan imported \$13.8 million worth of biogel, while neighboring countries imported \$51.9 million worth of the product over the same period. Over the past six years, from 2017 to 2022, Uzbekistan has imported biogel for a total of \$62.2 million. The main goal of the project is the production of biogel, which can be used in agriculture, medicine, cosmetology and other industries.

Capacity 2.2 thousand ton

Project Cost : \$15.0 million

Need for investment : 10.50million

IRR: 13,2%

NPV: \$ 7.95million

PP: 120months

Location: Tashkent region, Chirchik city
