PROJECT For the production of marble and granite tiles In the Navoi region

Estimated project cost	10,0 million dollars
Number of created jobs	100 places
Name of product	Marble and granite tiles
Power of project	400 thousand square meters / year
Volume of production	12,0 million dollars
Estimated annual volume of exports	0,6 million dollars
Infrastructure electric energy, water supply, auto and railway communications	It has
The need for the Republic of Uzbekistan and Central Asia	11300,0 thousand square meters
Mineral – raw recourses	Colored stones, marble reserve are more than 6000,0 thousand cubic meters in the Nurata region Granite reserve are more than 8000,0 thousand cubic meters in the Khatirchi region

Navoi region

The population is 913,200 people,
The area is 110 8000 km²,
The climate is sharply continental, deserted, arid.

PROJECT

On the production paint materials in the Navoi / Tashkent region

Estimated project cost	20,0 million dollars
Number of created jobs	120 places
Name of product	paint materials
Power of project	460.0 ton per year
Volume of production	20 million dollars
Estimated annual volume of exports	0,5 million dollars
Infrastructure electric energy, water supply, auto and railway communications	It has
The need for the Republic of Uzbekistan and Central Asia	800 thousand tonnes
Mineral – raw recourses	Glucan - reserves for 8.5–10 million tons. Kaolin - reserves for 8.5–10 million tons. Calcium Carbonate- reserves for 5-7 million tons.

Types of production

Paints for Building sector and automotive industry;
Traffic paint;
Typographical paints.

PROJECT (PART 1)

For production of thermal insulation materials and reinforcement from basalt in the Navoi region

Estimated project cost	20,0 million dollars
Number of created jobs	200 places
Name of product	Heat-insulating materials and reinforcement from basalt
Power of project	15 thousand tons / year
Volume of production	12,0 million dollars
Estimated annual volume of exports	0,6 million dollars
Infrastructure electric energy, water supply, auto and railway communications	It has
The need for the Republic of Uzbekistan and Central Asia	48,0 thousand tons
Mineral – raw resources	Basalt reserve are more than 1955,8 thousand tons in the Nurata region

Navoi region

The population is 913,200 people,
The area is 110 8000 km²,
The climate is sharply continental, deserted, arid.

PROJECT (PART 2)

On the production of sandwich panels, including basalt-based in the Navoi region

Estimated project cost	12,0 million dollars
Number of created jobs	20 places
Name of product	Sandwich panels, including basalt-based
Power of project	200 thousand running meters / year
Volume of production	8,0 million dollars
Estimated annual volume of exports	0,4 million dollars
Infrastructure electric energy, water supply, auto and railway communications	It has
The need for the Republic of Uzbekistan and Central Asia	2400 thousand running meters
Mineral – raw recourses	Basalt reserve are more than 1955,0 thousand tons in the Nurata and Navai regions

Navoi region

The population is 913,200 people,
The area is 110 8000 km²,
The climate is sharply continental, deserted, arid.
