The cultivation of akholini kup tomatoes in the district is the absence of tomato cubes and tomato products production and processing enterprises in the greenhouses
16	Andijan region	Organization of processing and packaging of tomatoes	tons	1500	0,1	10	25	36	There are enough resources to grow cocoon products in khududud
17	Andijan region	Organization of the cultivation of Cocoon products	tons	300	0,1	50	18,71	60	there is a market for raw material reserves as well as for their realization
18	Andijan region	Production of distilled water for domestic consumption	mln pcs	10	0,2	8	18,1	36	When developing the product, waste is produced from pilomaterials and tree branches.
19	Andijan region	Organization of the production of hygienic means (dental and ear cleaner)	tons	220	0,2	10	13,35	72	there is a market for raw material reserves as well as for their realization
20	Andijan region	Organization of cultivation of polyz crops in a greenhouse	thousand pieces	25	0,1	10	17,82	60	for the implementation of the project, there is an opportunity to process plastic waste in the area.

21	Andijan region	Production of children's toys from plastic products	thousand sq.meter	700	0,1	10	11,16	60	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
22	Andijan region	Gofra korobka production	tons	250	0,2	6	15,14	60	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
23	Andijan region	Organization of a refrigerator warehouse	mln pcs	3	0,1	15	10,82	60	There is an area of land and a building structure for the implementation of the settlement. In the district, kishlok is in demand for agrosetka in the field of Agriculture and construction.
24	Andijan region	Agrocet production	pcs	200	0,2	15	10,7	84	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
25	Andijan region	Organization of furniture production	kv.m	4475	0,2	15	10,72	60	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
26	Andijan region	production of doors and frames from plastic profiles	tons	2000	0,2	12	20,86	60	In khudududu, kuyanlik shugulliyya has developed. Low cost and aholi muynali headgear with issik muynali clothes in ham
27	Andijan region	Organization of production of pasta products	mln.pcs	1,5	0,3	35	12	36	There are 60 apple orchards on the territory for the supply of raw materials as well as for the implementation of the project
28	Andijan region	Apple cider vinegar production	thousand pieces	20	0,1	10	14	48	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
29	Andijan region	Production of electric tires	thousand pieces	50	0,2	15	14	72	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
30	Andijan region	Mattress and sheet production	mln.pcs	2,5	0,1	8	12	24	The territory has an empty land area in the industrial and entrepreneurial zone of experienced entrepreneurs and young people in this area
31	Andijan region	Production of decorative candles with candles and hid	thousand meters	30	0,1	7	10,82	60	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project

32	Andijan region	Organization of the production of polytilene grooves	tons	2150	0,2	12	14,59	48	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
33	Andijan region	Production of cellophane products	thousand pairs	120	0,1	10	17,94	60	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
34	Andijan region	Organization of the production of shoes for the reworking of the skin	tons	969	1,0	50	18,1	60	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
35	Andijan region	Organization of processing dairy products and drying fruit vegetables	mln pcs	1	0,3	15	12,3	84	There is an empty land area in the zone of paper waste processing, youth industry and entrepreneurship
36	Andijan region	Production of box and package from cog	thousand pieces	5	0,2	10	10,58	60	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
37	Andijan region	Organization of furniture production	tons	250	0,1	10	20,7	36	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
38	Andijan region	Organization of production of building materials (bruschatka)	m.Cube	1500	0,2	4	11,36	60	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
39	Andijan region	Organization of wood processing	mln pcs	2	0,4	10	9,4	84	There is an empty land area in the youth industrial and entrepreneurial zone for the reserve of raw materials and the implementation of the project
40	Andijan region	Organization of tail production	thousand pieces	35	0,2	12	12	60	For the implementation of the project, there is a reserve of land, buildings and raw materials
41	Andijan region	Organization of the production of Sporting Goods	thousand tons	5,2	20,0	200	11	108	In the district there are 317 bog-sabavot farmers with a land area of 1532 hectares, where crops are grown.
42	Andijan region	Intensive garden organization and fruit processing (apple, walnut)	mln dollar	9,45	10,0	100	12	48	There are more than 200 trucks in our district

43	Andijan region	Establishment of logistics center	mln pair	1,1	4,0	300	13,76	36	The building on which the Bush stands-there are essays
44	Andijan region	Organization of the development of children's shoes	tons	1500	7,5	10	11	84	There are buyers to the products from which the works are released
45	Andijan region	Organization of the production of cookies, pryannik and Bashkir types of sweets Tsex	tons	1500	6,7	100	10	120	In the district there are 317 bog-sabazavot farmers with a land area of 1532 hectares, where crops are grown.
46	Andijan region	Organization of the fruit cluster	mln pcs	33	6,5	200	15	72	10.01.2023 y PF-2; decision "on measures to support the activities of cotton-textile clusters, radically reform the textile and sewing-knitting industry and further increase the export potential of the industry", Annex 1, Paragraph 1
47	Andijan region	Organization of the production of textile fittings	thousand cubes	90	15,3	25	10,5	108	In our district there are water rivers Tentaksoy and koradariya from which products can be obtained
48	Andijan region	Establishment of reinforced concrete products plant	kg	1000	1,7	40	14	60	there are 580 farms in the district with arable land.
49	Andijan region	Organization of drying and storage services for fruits and vegetables	thousand tons	12	5,5	70	14	72	There are 2 garbage collection sites that are found to touch our district
50	Andijan region	Performance of waste skate	tons	440	3,1	40	10	120	In the district, on average, 300,000 pieces of chicken are grown per month for meat
51	Andijan region	poultry processing	thousand tons	5	3,0	50	11	108	About 8 thousand ha of cotton grown in the district, as well as about 200 ha of recurrent sunflower crop
52	Andijan region	Precipitation (pistachios and cotton)	tons	1000	1,9	20	19,07	36	there is a need for livestock to be grown and processed for meat on the territory, and there is a market for consumption
53	Andijan region	Processing of meat products	thousand tons	22	0,6	50	13,3	60	according to the estimates in the district, 1616.7 thousand cubic/m. sand-gravel reserve available

54	Andijan region	Organization of asphalt production	thousand tons	2,5	1,4	30	11,75	72	There are 470 hectares of agricultural specialized farms with arable land, including replanting, is 2,600
55	Andijan region	Rice processing	thousand cubes.m	100	0,5	20	11	60	according to the estimates in the district, 1616.7 thousand cubic/m. sand-gravel reserve available
56	Andijan region	Sheben production by shogol remake	thousand.tons	18	1,0	35	12,13	60	in the district there are 580 re-cultivated areas on the basis of farms
57	Andijan region	Production of pet feed	thousand tons	5	0,4	10	8,4	84	there is a market for raw material reserves as well as for their realization
58	Andijan region	limestone production	Cube.m	5000	0,4	20	16,5	60	according to the estimates in the district, 1616.7 thousand cubic/m. sand-gravel reserve available
59	Andijan region	production of building materials (reinforced concrete products)	thousand cubes.m	52,5	0,2	10	11	60	according to the estimates in the district, 1616.7 thousand cubic/m. sand-gravel reserve available
60	Andijan region	Organization of stone processing (crushed stone, washed sand)	thousand sq.m	110,7	8,0	50	9	120	There are 8 thousand ha cotton crop stems
61	Andijan region	Ldsp from cotton stem	tons	80	0,2	5	11,6	72	there is a market for raw material reserves as well as for their realization
62	Andijan region	Organization of a greenhouse	tons	400	0,3	5	13,5	72	The district has 970 horticultural croplands
63	Andijan region	Apple and cherry plum production	tons	100	0,3	30	15,59	36	there is a market for raw material reserves as well as for their realization
64	Andijan region	growing poultry	kv m.	4475	0,2	15	11,58	84	there is a market for raw material reserves as well as for their realization

65	Andijan region	manufacture and sale of doors and frames from tunuka and Akfa profiles	thousand.pcs	40	0,2	20	18	60	there is a market for raw material reserves as well as for their realization
66	Andijan region	production of household appliances (fan)	tons	500	0,2	5	15,71	48	there is a market for raw material reserves as well as for their realization
67	Andijan region	production of pasta	Cube.m	24000	0,2	10	15,6	48	according to the estimates in the district, 1616.7 thousand cubic/m. sand-gravel reserve available
68	Andijan region	expansion of the production of building materials (concrete slab, shlakoblok)	tons	200	0,3	15	12,28	60	there will be an opportunity to process the fruits grown in horticultural farms and apartments in the region, and the possibility of realization and export to neighboring Kyrgyzstan
69	Andijan region	processing and storage of fruit	tons	28	0,2	10	19	48	there is an opportunity to plant seedlings in the apartments of the population as well as in nearby districts
70	Andijan region	Growing fruit and ornamental seedlings	pcs	520	0,1	10	10,95	60	there is a market for manufactured products, where there are potential entrepreneurs
71	Andijan region	production of kitchen furniture	tons	75	0,1	10	14,42	60	there is a miconicity for the realization of confectionery products in the district
72	Andijan region	confectionery production (biscuits)	thousand.pcs	50	0,1	15	14,8	36	Lightness from transportation costs is created when buying polyethylene products to residents of the region.
73	Andijan region	Organization of production of polyethylene products (crumb)	tons	500	0,1	5	14,17	48	Greenhouses, fruit and vegetable farms and residents have the opportunity and reserve to re-produce and sell tomatoes grown on tomato lands in the territory itself
74	Andijan region	Organization of processing tomatoes (obtaining tomato paste)	pcs	100	0,1	10	13,65	36	there is a market for raw material reserves as well as for their realization
75	Andijan region	Organization of the cultivation of carp, lagqa, Amur species of fish for meat	thousand pieces	100	0,1	5	15,78	60	there is a requirement for product realism to be produced

76	Andijan region	Production of hygienic means (wet wipes)	thousand pieces	5	0,1	5	22	48	On the territory there are empty objects and there is an opportunity to place a project on these empty objects with eltexsanoat resources. The possibility of producing exportbop products is created.
77	Andijan region	iron production	mln pcs	5	0,1	10	20,6	36	There is a lot of growing wood products on the territory, there is an opportunity to process them, there is a stock of raw materials
78	Andijan region	Production of hygienic tools (toothpick)	thousand pieces	240	0,1	5	9,87	72	there is a market for raw material reserves as well as for their realization
79	Andijan region	Production of hygienic means (bumaga)	tons	320	0,0	5	18,3	60	There are reserves for the production of bread and bakery products, processed wheat grown by peasant farms, landlords
80	Andijan region	production of goose cones for spinning	thousand.pcs	2250	0,1	10	14,38	48	According to the presidential decree, the district will have a demand for a product that is planned to be developed and developed in a small industrial area specialized in textiles
81	Andijan region	Establishment of a poultry cluster	mln head	10	15,4	300	42	48	There is a building owned by the enterprise-a structure and land areas, agreements are being signed with foreign entrepreneurs.
82	Andijan region	Organization of fabric dyeing Tsex	tons	5000	6,3	50	15	84	Completed monomark
83	Andijan region	Production of children's suniy ovkat	tons	50	0,8	30	15	60	There is a 2-storey vacant building structure in yangiabad MFY khududi
84	Andijan region	Organization of penablok production	thousand tons	200	0,1	6	15	48	There are 2.25 acres of vacant land in the microenterprise
85	Andijan region	Organization of gazablok production	thousand pieces	200	0,1	6	206	24	There are 2.25 acres of vacant land in the microenterprise
86	Andijan region	Production of hygienic means	tons	22	0,1	10	13	60	Free standing at YOKSZ 6 acres of land

87	Andijan region	Production of decorative products by recycling iron products	tons	150	0,2	6	17	60	Free standing at YOKSZ 6 acres of land
88	Andijan region	Organization of cellophane production	tons	250	0,1	10	19	60	Free standing at YOKSZ 6 acres of land
89	Andijan region	Organization of production of polyethylene packaging crate products	thousand pieces	125	0,2	10	16	36	Polyethylene recycling household waste is available
90	Andijan region	Furniture production	pcs	1800	0,3	10	12	60	There are 2.25 acres of vacant land in the microenterprise
91	Andijan region	Production of finished concrete products	meter cube	2600	0,4	10	18	60	Free standing at YOKSZ 6 acres of land
92	Andijan region	Setting up a Mini hydroelectric power station	mln kWh	7,3	2,1	10	11	120	There is an Eka Sarijoga collector to the permanent water supply
93	Andijan region	Establishment of a hydroelectric power station	mln kWh	10	2,9	10	6	120	There is an eka "Lion collector to the permanent water supply
94	Andijan region	Organization of wood processing	kv meter	3500	0,1	6	20	48	Free standing at YOKSZ 6 acres of land
95	Andijan region	Organization of production of dairy and dairy products	tons	60	0,3	10	12	84	Free standing at YOKSZ 6 acres of land
96	Andijan region	semi-finished production of meat products processed	tons	35	0,1	10	17	36	Free standing at YOKSZ 6 acres of land
97	Andijan region	Men's shoes production	mln pair	5	3,7	50	19	36	Completed monomark

98	Andijan region	Distilled water production	thousand tons	25	2,5	50	14	84	Completed monomark
99	Andijan region	Artificial fiber production	thousand tons	4	3,4	155	12	60	There is an opportunity to recycle household chiqnndis to obtain raw materials.
100	Andijan region	Drying and packaging of fruits and vegetables	tons	500	0,2	11	16	24	Free standing at YOKSZ 6 acres of land
101	Andijan region	Carpet production	meter kv	1500	0,2	15	18	36	Free standing at YOKSZ 6 acres of land
102	Andijan region	Setting up a park	thousand	800	4,2	30	17	48	There is 12.9 hectares of land belonging to the Department of culture
103	Andijan region	Pasta production	tons	1500	0,5	8	17	60	Free standing at YOKSZ 6 acres of land
104	Andijan region	Mineral fertilizer production	tons	2500	1,3	15	16	60	There is a disused central warehouse building-structure on the balance of the former agrochemistry
105	Andijan region	Production of glaze and brinza products	tons	750	5,8	10	11	60	More than 3 thousand tons of milk from livestock are grown in the district.
106	Andijan region	Production of ready-made wool processing	tons	200	0,4	32	13	60	There is a building-facility of the unused "machine tractor Park" on the balance of the former agrochemistry
107	Andijan region	Production of knitted products	thousand pieces	750	0,1	10	15	60	There are 2.25 acres of vacant land in the microenterprise
108	Andijan region	Organization of margarine production	mln sq.m	1,95	20,8	200	16	60	Yellow water mfy God has 4 hectares of free land that does not belong to the category of Agriculture

109	Andijan region	Double thread tin production	tons	800	2,4	30	13	60	In a small industrial area, there are 18 acres of vacant land in khududi
110	Andijan region	Vegetable oil production	tons	300	0,6	20	17	60	In a small industrial area, there are 15 acres of vacant land in khududi
111	Andijan region	Paper production	tons	150	0,1	8	15	60	There are 2.25 acres of vacant land in the microenterprise
112	Andijan region	Organization of yarn spinning by reworking cotton	tons	8000	7,1	200	16	60	The vacant building-structure and land area of the former MTP is
113	Andijan region	Granule em production	tons	50	0,1	6	12	60	There are 2.25 acres of vacant land in the microenterprise
114	Andijan region	Production of knitted products	mln pcs	22	5,7	1000	12	48	There is a disused building-structure and land area belonging to the enterprise
115	Andijan region	Organization of breeding black cattle on the dairy route	mln liter	1,9	1,0	20	12	72	There is an empty Uzbekistan mineral fertilizer storage warehouse
116	Andijan region	Leather products processing	kv meter	15000	0,1	10	17	48	There are 2.25 acres of vacant land in the microenterprise
117	Andijan region	Breeding cattle in the direction of breeding	head	100	1,1	10	16	60	Vacant M.Iminov MOATSH building
118	Andijan region	Development of the cultivation of Farel, osyotr fish	tons	1000	7,1	50	15	60	Mingchinor MFY Goddy has 5 hectares of land for a fish pond
119	Andijan region	Production of baby diapers and hygienic wipes	mln pcs	18	1,7	30	12	60	Yellow water MFY Goddy has 2 hectares of free land

120	Andijan region	Production of Paralon products	thousand sq.m.	500	1,3	20	10	60	Yangiabad MFY khududi has 1 hectare of land on the highway " Namangan-Marghilon
121	Andijan region	Organization of production of plumbing items (rakovina, unitaz)	mln pcs	1,85	6,5	70	13	84	From a small industrial area, there is a land area of 2.0 raw materials stock in the maksadi to process, absorb from the vaccine and increase the salinity of the production of continuous uzi
122	Andijan region	Organization of hydro power plants	mln kv / ch	28	6,7	20	9	120	There is a constant flow of water. The provision of electricity to akholini in maksadi, 7 MFYni in Beshterak, Gulistan, Yangiabad, Manguberdi, Kugaylar, Middle Village , Long Street will cost 100% of electricity
123	Andijan region	Establishment of a reinforced concrete goods plant	thousand cubes	80	13,5	25	10,72	108	In the kkichik industrial area, there is a Bush land area of 0.5 raw materials stock constant
124	Andijan region	Organization of margarine production	thousand tons	6	11,8	50	11,75	60	In the kkichik industrial zone, there is a Bush land area of 1.0, all the conditions for the implementation of the project are sufficient
125	Andijan region	Production of textile products and buyash tsexi	tons	4201,5	16,0	200	9,58	108	In the KKichik industrial zone, there are no problems for the implementation of the project, which has 1.0 Bush land
126	Andijan region	Organization of Gipso Cardone production	mln sq.m	6	7,1	80	12	60	Implementation of projects from a small industrial area there is an area of land of 0.3
127	Andijan region	Organization of waste processing	tons	3600	0,8	33	23	60	There is an area of land and buildings for the implementation of the project
128	Andijan region	Flour production	thousand tons	15,25	1,9	120	15	60	Project implementation of the vacant warehouse building
129	Andijan region	Organization of production of oil-oil and cooling	tons	3800	3,0	80	11,7	96	There is an area of land and buildings for the implementation of the project
130	Andijan region	Penoplast production	kv.m	46521,73913	1,3	20	11	72	For the implementation of projects, there are 0.30 free land areas in the industrial zone

131	Andijan region	Production of cool drinks	thousand tons	13	2,1	100	29,02	60	For the implementation of projects, there are 0.30 free land areas in the industrial zone
